公司简介

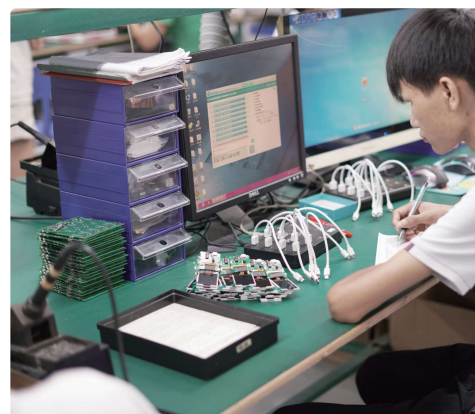

COMPANY PROFILE

15余年专业沉淀

15+years of professional accumulation

打造全球领先的音频解决方案

Creating a globally leading audio solution

我们是深耕录音设备15年+的技术驱动型源头工厂，拥有从研发、硬件、AI 算法到 APP、云端的完整自主技术闭环，掌握智能语音全链路核心技术。

覆盖多场景智能录音产品矩阵，提供一站式声音处理解决方案，全面开放底层接口，支持「硬件 + 软件 + 数据」全栈深度定制。

20 + 人精锐研发团队，100 + 国内外专利(如 CE/FCC/KC/MSDS 等)，产品获全球权威认证，配套 7×24 小时全球一对一专属

We are a technology driven source factory that has been deeply involved in recording equipment for more than 15 years. We have a complete independent technology loop from research and development, hardware, AI algorithms to APP and cloud, and have mastered the core technology of intelligent voice throughout the entire process.

Covering a multi scenario intelligent recording product matrix, providing a one-stop sound processing solution, fully opening up underlying interfaces, and supporting full stack deep customization of "hardware+software+data".

20+elite R&D team, 100+domestic and foreign patents (such as CE/FCC/KC/MSDS, etc.), products have obtained global authoritative certification, and are equipped with 7 × 24-hour global one-on-one exclusive after-sales service.

我们的优势

Our Advantages

全链路自主研发

Independent research and development of the entire chain

- 20+人核心研发团队, 平均8年经验。

A core R&D team of over 20 people with an average of 8 years of experience.

- 掌握高保真拾音、智能降噪等核心技术。

Master core technologies such as high fidelity sound pickup and intelligent noise reduction.

- 累计100+国内外专利如CE/FCC/KC/MSDS/SR-RC/RoHS/FDA等

Accumulated over 100 domestic and international patents such as CE/FCC/KC/MSDS/SRRC/RoHS/FDA, etc

规模化量产交付

Large scale mass production and delivery

- 自有现代化生产线, 月产能150000+台。

We have our own modern production line with a monthly production capacity of over 150000 units.

- 70%核心供应商合作超5年。

70% of core suppliers have been cooperating for over 5 years.

- 累计交付超300万台以上。

Accumulatively delivered over 300W units

深度定制能力

Deep customization capability

- 支持从外观到软件的全维度定制。

Support full dimensional customization from appearance to software.

- 提供私有化部署与企业级数据隔离。

Provide private deployment and enterprise level data isolation.

- 开放完整API/SDK接口。

Open the complete API/SDK interface.

全球化服务体系

Global Service System

- 7×24小时一对一专属客户服务。

24/7 one-on-one exclusive customer service.

- 产品全生命周期的技术支持与问题解决。

Technical support and problem-solving throughout the entire product lifecycle.

- 完善的全球售后体系。
