

Horseshoes & Farrier Supply

Product range overview for importers, distributors and equestrian brands

Qingdao Relia Industries Co., Ltd. operates the Relia Metalparts equestrian-products brand. The company website presents horseshoes and horseshoe nails alongside related farrier tools, with wholesale and OEM enquiries for overseas buyers.

HORSESHOES	HORSESHOE NAILS	FARRIER TOOLS
Steel and forged-aluminum catalogue lines. Published steel family references include RR, RS, RSN, RT and RRM. Exact model, size and configuration are order-specific.	Published E-series and ASV-series references. Confirm nail style, length, compatible shoe reference and pack configuration for each enquiry.	Website-listed hoof rasps, trimming knives, nippers, brushes and related tools. Verify the exact tool, dimensions and pack details against the current item.

For wholesale and OEM enquiries	Share the model, size, material, quantity, packing and destination. Ask RELIA to confirm current availability, MOQ, lead time and quotation for the exact order.

Compare the exact shoe reference

RELIA's published steel horseshoe buying guide gives model-specific examples. These figures identify two catalogue examples only; they are not universal size standards and do not determine suitability for an individual horse.

PUBLISHED REFERENCE	OUTSIDE DIMENSIONS	SECTION	LISTED WEIGHT
RR 0F	127 x 124 mm	19 x 8 mm	338 g
RS 0-F	133 x 132 mm	22 x 8 mm	391 g

Useful details for a quote

1. Catalogue model and size
2. Front or hind version, where applicable
3. Material, section, clips and nail-hole configuration
4. Surface finish and any approved drawing/sample reference
5. Quantity, packing preference and destination country

Before repeat orders

Record the approved sample dimensions, finish, configuration, packing and revision. Confirm all order-specific commercial terms with RELIA.

OTHER PUBLISHED CATALOGUE AREAS

Horseshoe nails: E-series and ASV-series references; dimensions and pack presentations vary by listing. **Farrier tools:** rasps/files, hoof-trimming knives, nippers, brushes and trimmers; item-level details should be checked before ordering.
